FROM ALL OVER MICHIGAN

Grand Rapids Man Shot in Guatema-

Sheep Thieves Nabbed.

Sheriff W. F. Shepherd, of Adrian, made two arrests Monday which will cause more universal satisfaction, it is anticipated, to the farmers of various counties in southern Michigan and northern Ohio than any round-up for several years past. In the persons of James Gaskell, of Medina township, Lenawee county, and Edward Capp, of Toledo, the authorities believe they have the parties who for the last ten years have robbed the farmers in several counties of hundreds of head of sheep and cattle. The sheriff has been working on the case ever since the report of the last stealing, which occurred last Thursday, and rounded up men this morning in Toledo. On the day mentioned William Hayward, of Seneca, arose in the morning and discovered that several of his prize herd of sheep had disappeared during the night. He also discovered a wagon track which displayed one wobbly wheel leading out of his yard. This track was followed nine miles and led to the home of Gaskell. Deputy Sheriff Stephenson visited Gaskell's barn that night and discovered the pets of 25 sheep. He remained to watch the barn and was repaid about 2 o'clock in the morning by the appearance of a wobbly-wheeled wagon and a load of sheep. Sheriff Shepherd took up the search and found that Gaskell had been shipping large numbers of sheep to Edward Capp, a Toledo butcher. Capp was searched and it is claimed sufficient evidence was obtained to connect both with at least three or four of the more recent robberies.

Echo of the Sutton Trial.

The investigation by the Ingaham county authorities into the rumors that the jury that tried Ell R. Sutton was corrupted, which has been under way in Lansing, for several weeks, bore fruit in a warrant being issued for ex-State Senator John Holbrook, of Lansing, charging him with attempting to corrupt the jurors. Holbrook is at present in Cartersville, Mo., where he is interested in a zinc mine. Telegrams were sent to officers there requesting them to locate and arrest Holbrook and hold him pending the arrival of local officers with requisition papers. Word was received that Holbrook had been located and Prosecuting Attorney Taitie immediately made application to Gov. Bliss for requisition papers.

Holbrook has been a prominent Republican politician in this section of the state for many years. He served in the state senate from 1886 to 1893, and was state of inspector under Gov. Luce. During Gov. Plaue's four years in office he was deputy labor commissioner. He went to Missouri about one year ago. Holbrook has persistently connected Holbrook's name with Jerry Hobbing since the investigation commenced, but the authorities have refused to disclose what their inquiry has developed.

To New York in 1903.

The next meeting of the National Grange will be held at some city in New York in the year 1903. The number of location came up in the grange Wednesday at Lansing and New York was practically the unanimous choice. Formerly the grange used to designate the city in which the meeting would be held, but it was discovered that better accommodations generally could be secured if the location was not so definite. Hon. J. J. Woodman, of Paw Paw, who served for eight years as master of the National Grange, and for nearly ten years as a member of the executive committee, was retired today by the election of E. P. Dethleff, of Ohio, to a position on the committee. No other officers are to be elected this year, but there is some discussion of possible candidates for 1903. George B. Norton, of Michigan, is a prominent candidate for master.

The masters of the state granges have been making reports of the condition of the order. Master Norton, of Michigan, reports an increase of about 6,600 in the membership in this state.

When he noticed his loss he rushed back, only to find the boar pig trying to finish the metal clasp. The pocketbook and its contents, \$130 in greenbacks, was chewed to a pulp.

A big howl of indignation has gone up over the action of the U. of M. graduate manager in transferring the Michigan-Minnesota game, scheduled for Thanksgiving day, from Detroit to Ann Arbor on the ground that there are more seats at the latter place.
